DETAILED ACTION

- 1 This action is responsive to the amendment filed on April 28, 2004.

NEW GROUND OF REJECTION

Claim Rejections - 35 USC § 102

- 3 The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 10 is rejected under 35 U.S.C. 102(b) as being anticipated by Balzer et al. (EP 0 601 302 A1).

Balzer et al. (EP' 302 A1) teaches a hair dyeing composition comprising a direct dye compound of 6-[(4-aminophenyl)azo]-5-hydroxy-, monosodium salt, which is identical to the claimed formula (I'), when in claimed formula (I'), R5 is an amino radical, R4 is a hydrogen atom, n is zero, Z represents the claimed formula (I')b, in which one n is zero and the other n is equal 1 and the composition further comprises a polymeric compound of a polyacrylic acid of a formula identical to the claimed formula in which R1 is a hydrogen atom (see search report, page 113 and page 114). Balzer et al. (EP' 302 A) teaches all the limitation of the instant claim. Hence, Balzer anticipates the claim.

- 4 Claims 11, 12 and 14 are allowed, because the prior art of record does not teach or disclose a hair dyeing composition comprising the cationic dyes of these claims.
